

## How to Find a Course

To find a course that you are interested in, you can **browse the different categories** that are offered, or if you see a course on the home page that you like.

019

Alternatively click on the **Categories** button in the top menu, choose a category from the dropdown menu or view courses by clicking **By Type**, and choose between **e-Learning**, **Webinars**, and **Onsite** courses. Or view by clicking on the **Qualifications** item.

021

ART labels the courses based on the type of course. There are different icons for e-learning, webinars, and onsite courses. These icons will be noted on each course so that you will know what type of course it is.

The screenshot shows the ART e-learning platform interface. At the top, there is a navigation bar with the ART logo, the tagline 'the smart e-Learning solution', and links for 'Home', 'Categories', and 'Become a Tutor'. A search bar is also present. On the right, there is a user profile for 'ebenezer\_adeosun' and a list of filters for course categories and locations. The main content area displays three course cards:

- Pre-Recorded Webinar:** Features a purple icon of a play button inside a cloud. A callout points to the 'Webinar' label and an 'Add' button.
- How to create a course with Group:** Features a teal icon of three people under a house. A callout points to the 'On-site' label and an 'Add' button.
- Clinical Research:** Features a yellow icon of an open book inside a cloud. A callout points to the 'e-Learning' label and an 'Add' button.
